## SHORTWAVE RADIO (SWR)

### RADIODDITY RADDY RF320 SHORTWAVE RADIO | FM/AM/SW/VHF/WB/AIR | REMOTE CONTROL | BLUETOOTH 5.0

**Comprehensive Coverage:** RF320 is an exceptional shortwave radio that can receive AIR, FM, VHF, MW(AM), SW, and WB signals, providing you with a comprehensive coverage of global news, sports, music, weather and entertainment on the go.

**User-friendly App Design:** This advanced device supports BT 5.0 connection for iOS, Android, and HarmonyOS systems with app remote control. You can use the app to conveniently record your favorite show, digitally tune using the numerical keypad, name channels, and more with just a few taps.

**Advanced Tuning and 955 Station Storage:** The RF320 has auto, semi-auto, and manual search functions, along with digital and manual knob tuning. With fine-tuning knobs offering a minimum step value of 0.005MHZ, you can easily find your desired frequency. It also allows you to save up to 995 stations, including 199 each for AIR, FM, VHF, MW, and SW.

**More than A Receiver:** Connect your phone or other devices via Bluetooth or TF card playback, enjoy your favorite music, podcasts, or audiobooks on the go. It also can be an emergency kit with flashlight and SOS functions.

**Enhanced Using Experience with Accessories:** With the 9.8' wire antenna included, you'll experience improved reception no matter where you go. Moreover, the RF320 is incredibly portable, thanks to its lanyard, making it ideal for on-the-go listening.

**Kaito Voyager Pro KA600 Digital Solar Dynamo Crank Wind Up AM/FM/LW/SW & NOAA Weather Emergency Radio with Alert, RDS & Smart Phone Charger, Yellow**

- All-purpose 6-way powered portable emergency radio: hand crank generator, solar power, 3 AA batteries (not included), 5V USB input, 6V DC wall power adapter (sold separately), and built-in NiMH rechargeable battery pack; suitable applications include everyday use around the house, outdoors recreational activities such as camping, backpacking, picnic, and emergency / disaster preparedness, roadside emergency, and etc.
- Comprehensive coverage of AM, FM, Longwave, Shortwave and 7 pre-programmed NOAA weather channels for entertainment, sports, talk-shows, breaking news around the world, and 24/7 real-time weather forecast (USA and Canada ONLY) with PEAS (Public Emergency Alert System)
- Telescopic antenna extends up to 18" for high sensitivity and selectivity reception assisted by advanced digital semiconductor circuitry design; 4 tuning methods including manual, direct keypad entry, ATS & memory tuning with 335 memories for easy access to favorite stations

- Durable strong premium ABS construction with digital tuner and dual LCD backlit displays featuring calendar, 12-hour clock with dual alarms, count-down sleep timer, thermometer, and humidity gauge
  - Works as an emergency mobile battery charger with built-in standard DC 5V USB output port for charging mobile devices, such as smart phones, GPS units, MP3 players, digital cameras, and etc. Other safety features include a 5-LED reading lamp, an LED flashlight and a red LED S.O.S. beacon light
-

## SCANNER RADIOS

**Uniden Bearcat BC125AT Handheld Scanner, 500-Alpha-Tagged Channels, Close Call Technology, PC Programable, Aviation, Marine, Railroad, NASCAR, Racing, and Non-Digital Police/Fire/Public Safety.**

- LISTEN IN AND STAY INFORMED, this sophisticated scanner has 500 alpha-tagged channels in a convenient compact design with loads of features. Close Call RF capture technology instantly tunes to signals from nearby transmitters and the Do Not Disturb Mode prevents Close Call checks during a transmission.
- LISTEN TO OVER 40,000 FREQUENCIES, you can listen to both civilian and military bands, including Non-Digital Police, Ambulance, Fire, Weather, Marine, Aircraft, Railroad, Civil Air, Amateur radio services, and Racing events.
- SEARCH MORE EFFICIENTLY with 500 Alpha-Tagged Channels finding the channel you want to listen to is easy, with 500 channels divided into 10 storage banks. Organize your channels by department, location, area of interest, or any other way you prefer. Alpha Tagging lets you assign names to your channels, so you can keep track of who you are listening to.

- LIGHTWIEGHT PORTABLE DESIGN, take this Bearcat handheld radio scanner with you on the road, or on outings. It packs plenty of features, the orange backlight display is easy to read, even in low light conditions.
- GET STARTED LISTENING RIGHT AWAY with convenient Pre-sets for the most popular searches. Frequencies are preset in ten separate Non -Digital Police/Fire/Emergency, Ham, Marine, Railroad, Civil Air, Military Air, CB Radio, FRS/GMRS/MURS, and Racing search bands. This makes it easy to find channels that interest you.
- EXCELLENT HAND-HELD SCANNER (Please note: model BC125AT is NOT suitable for Trunking or Digital Radio system monitoring, (e.g. Project 25, DMR, NXDN). Some Police/Fire/Emergency/Public Safety Agencies in larger cities are switching over to DIGITAL Trunking systems. If you live in an area where Trunking or Digital Radio systems are used, you need to upgrade to a Uniden Digital model ("D" stands for Digital), such as models BCD436HP, BCD536HP, BCD996P2, BCD325P2, or HomePatrol-2.
- NOTE: The product does not have 2-way communication, is only a scanner for receiving radio transmissions.

### Whistler WS1040 Handheld Digital Scanner Radio

- Menu Driven Programming with Context Sensitive Help - Each menu item provides a few lines of help text that provide assistance with programming and using the scanner
- Scan List-functionality allows you to arrange, group and scan objects according to your preference; Lock-out Function
- Skywarn Storm Spotter Functionality - Instant access to frequencies used by storm spotter networks
- Digital AGC - Instantly compensates for low user audio levels that are common on digital systems
- If you pressed the FIRE icon button it is possible that the frequencies pre-programmed in the scanner do not include your area. These Pre-programmed frequencies are generally common Police/Fire frequencies

## CITIZENS BAND RADIO SERVICE (CBRS)

### Randy II FCC - First FCC Approved AM/FM Handheld CB Radio

- Scan / Skip Feature
- AM/FM
- Handheld
- 7 color display
- ANL built-in
- Noise blanker
- Noise gate
- Compander
- Key beep
- Roger beep

**RADIODDITY CS-47 ONE HANDER CITIZENS BAND RADIO | LCD MIC WITH  
BUILT-IN SPEAKER | 7-COLOR BACKLIT | AM/FM | RF GAIN | VOX**

**4W Power Output:** The CS-47 has a variety of CB radio features including AM/FM channels, VOX, CH9/19 emergency channel access, scan function, RF gain control, and squelch control. It also works with external speakers, though we recommend the Radioddity CB radio speaker (search B07Y7531C9 on Amazon).

**Versatile, Handheld Mic:** The removable microphone has a large, 7-color adjustable backlit LCD display and built-in speaker. The fully integrated microphone is designed for faster and easier access to the features you need.

**Active Noise Cancellation:** Block unwanted noise so conversations between you and your friends are just as clear as if you were face-to-face.

**Privacy Code:** Access the CTCDCS menu for a total of 38 CTCSS and 104 DCS private code to set. Once CTCSS/DCS is set, then within the communication range, your team members can only receive signals from the same frequency with the same setting.

**Compact & Easy To Mount:** Measuring in at a palm-sized 4" x 4" x 1" dimensions, this CB radio fits into limited spaces without being cramped. FCC ID: 2AN62-CS47

## FAMILY RADIO SERVICE (FRS)

### RADIODDITY FAMILY RADIO SERVICE FS-T1 / PR-T1 [1 PAIR] | NOAA WEATHER ALERT | LICENSE-FREE | USB CHARGING

**FRS/PMR RADIO:** Work out of box! FCC certified FRS license-free walkie talkies. FRS/PMR pre-programmed frequency: 462MHz-467MHz; 50 CTCSS/104 CDCSS give you more private and safer communication.

**NOAA WEATHER SCAN + ALERT:** NOAA Weather Scan function can automatically scan through 10 available weather (WX) band channels and locks onto the strongest weather channel to alert you of severe weather updates. NOAA Weather Alert will sound an alarm indicating that there is a risk of severe weather in your area.

**EASY OPERATION:** Easy to use even for beginners, just press the PTT button directly to talk to your group members; USB plug for faster and safer charging; Up to 1.5KM long-range communication.

**MULTIPLE FUNCTIONS:** Loud and clear audio, FM (87.5-108MHz), VOX, voice prompt, built-in LED flashlight for night use and 10 different calling tones. Ideal for ski field, security guard, warehouse, road trip, hunting and other outdoor purposes.

**WARRANTY:** 18 months warranty and 60-day no-reason return. Please feel free to contact us to get any technical support.

## MOBILE UTILITY RADIO SERVICE (MURS)

RADIODDITY MU-5 MURS RADIO | 250 CHANNELS | LICENSE FREE | USB-C CHARGING | DISPLAY SYNC | VOX | NOAA

**License-Free MURS Handheld Radio:** Easy to use right out of the box. Keypad menu programming allows you to add new channels and change settings on the go.

**Sync Display & Dual Watch:** The display sync function shows you channel name and frequency in single watch mode while dual watch enables you to monitor two channels at the same time so you never miss a communication.

**UHF, VHF, NOAA Scanner & Monitor:** MU-5 allows you to receive and scan on UHF, VHF & NOAA channels in CH/VFO modes, so you are not limited to just MURS channels.

**User Friendly Scanning:** Scanning options include customized frequency range scanning, channel scanning and CTCSS/DCS scanning. You can also add/remove channels from the scan list on the front panel.

**Multifunctional:** The MU-5 has crisp, clear reception, NOAA weather receiving & scanning, FM, SOS alarm, flashlight, squelch, VOX, TOT (time out time), Squelch Tail Elimination, and power save mode features.

## GENERAL MOBILE RADIO SERVICE (GMRS)

RADIODDITY GM-30 GMRS RADIO | 5W | VHF & UHF SCANNER | NOAA | USB-C | SYNC

**NEW Upgraded 5+ Watt, 999 Channel Dual-Band Pre-Programmed Superhet  
VHF/UHF Emergency GMRS Two-Way Radio & 7-Band SHTF Scanner**

**RADIODDITY DB20-G GMRS MOBILE | 20W | 500 CHANNEL | UHF VHF SCANNER**  
**| SYNC | REPEATER CAPABLE**

**FCC ID: 2AN62-DB20G**

**Plug-and-Play GMRS Mobile Radio:** Easy to install the DB20-G with the cigarette power plug in your vehicle. All control buttons, speaker, microphone integrated into one handset, which made it easy to make adjustments with one hand on the go.

**Long Range Talking:** DB20-G goes well with the sets of GMRS/FRS handhelds that are used for spotting, it easily reaches up to 20 miles in the open air, 10 miles on a mountain trail, and very effective for camping/Off-Road/Overlanding and being able to communicate with your crew!

**9 Customizable Repeater Channels:** DB20-G comes with 9 extra empty repeater channels, allows you to program the GMRS repeater with the different CTCSS/DCS tones, which can easily access the repeater for dramatically increasing the talking range.

**Unique Features:** Differ from other GMRS mobile radios, DB20-G can sync display channel name, frequency, channel number on the screen; It is able to scan and receive the UHF VHF frequencies, and easy to save and delete the active channel.

**1075 CTCSS/DCS Privacy Codes:** DB20-G has 51 CTCSS and 1024 DCS privacy codes, keeping your conversation clear of interference from other individuals on that same channel.

**Ease of Operation:** All control buttons, speaker, microphone integrated into one handset, which made it easy to make adjustments with one hand on the go. With the large color display, it is easy to read the information on the screen.

**Disclaimer:** No License is required to purchase this radio, nor to Monitor (listen) to the many Amateur (Ham) Radio frequencies. However, an FCC GMRS License is required to Transmit (Talk) on GMRS Frequencies in the USA. Please visit <https://www.fcc.gov/general-mobile-radio-service-gmrs> to learn more.

The Helida SY-UV99 Pure Dual Band Amateur Ham Prepper Radio is a high-performance and versatile radio designed for preppers, hikers, and amateur radio enthusiasts. The radio features a dual-band design that allows you to communicate on both the VHF and UHF frequencies, making it ideal for a wide range of outdoor and emergency situations. The radio comes with a built-in dynamo crank charger that provides a convenient and reliable way to charge the battery, ensuring that you're always connected and ready to communicate, even in situations where traditional power sources are unavailable. Additionally, the radio includes a USB battery bank that enables you to charge other devices, such as smartphones and tablets, using the radio's battery as a power source. The Helida SY-UV99 is also built to last, with a rugged and durable construction that can withstand harsh weather and environments. The radio includes a variety of features, such as a large LCD display, multiple scanning modes, and a 128 channel memory, that make it easy and convenient to use. Whether you're a prepper, a hiker, or an amateur radio enthusiast, the Helida SY-UV99 Pure Dual Band Amateur Ham Prepper Radio is a reliable, versatile, and convenient communication tool that can help you stay connected and informed in any situation.

Every preppers dream radio! One that can be charged by a dynamo hand crank, and used to recharge USB devices via its built in 5V DC output (1,500 mAh Maximum Capacity). Dual band frequency coverage, and a full 5W make this one of the most robust radios we have ever offered.

**Features:**

- 2M / 70CM Ham Band to keep in touch
- 1500 Battery Bank to keep your electronics charged
- Dynamo Hand Crank to never be without power
- FM Radio to stay abreast of evolving situations
- LED Flashlight to find your way around camp

Includes a 110V AC adapter for charging when mains power is available.
